<b>CREDIT REFERENCES</b>			
For credit reference, go to <a href="http://www.annualcreditreport.com">www.annualcreditreport.com</a> . Download your credit report as a PDF file and email that to me. If you need a program for saving PDF files, do a Google search on "Download CutePDF" then go to that site and download the free program. During installation, you will be prompted to download and install one more file. Do that. Once you've done that, you can print/save any file on your computer as a pdf file. To use CutePDF, open your file, then select Print. In your list of printers you'll see CutePDF. Select that. You will then be prompted on where to save the file. You can save the file wherever you like on your computer and have it available for future use as a pdf file. This program is safe, I have been using it for at least ten years problem-free. In fact, I used it to create this document. Contact me if you have problems saving your report as a pdf file
